# 1 Contact Information and Signatures

---

This Digital Certificate Subscriber Agreement (“Agreement”), is made effective as of \_\_\_\_\_ (the “Effective Date”) by and between CommScope Technologies LLC and its affiliates (referred to from here on as “CommScope”) and the party identified in Exhibit A (“Subscriber”).

CommScope grants the Subscriber the authorization to obtain and utilize the Digital Certificates and corresponding private keys in accordance with the terms and conditions of this Agreement as well as in accordance with the following specifications:

- [1] CommScope Certificate Policy and Certification Practice Statement (“CP/CPS”), PR5031, published at: <http://certificates.pkiworks.com/Public/Documents/>.
- [2] Baseline Requirements for the Issuance and Management of Publicly-Trusted TLS Server Certificates, <https://cabforum.org/working-groups/server/baseline-requirements/documents/>, CA/Browser Forum.
- [3] Network and Certificate System Security Requirements, <https://cabforum.org/working-groups/netsec/documents/>, CA/Browser Forum.

SUBSCRIBER HAS READ AND AGREES TO BE BOUND BY THE TERMS AND CONDITIONS OF THIS AGREEMENT, INCLUDING THOSE TERMS CONTAINED ON THE FOLLOWING PAGES HEREOF.

In consideration of the mutual promises and covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties have entered into this Agreement as of the Effective Date.

**Signatures of Authorized Representatives:**

## 2 Definitions, Abbreviations and Acronyms

---

All capitalized terms used herein but not defined below shall have the meanings assigned to them in section 1.6 of the CommScope CP/CPS [1].

Application Software Supplier	A supplier of Internet browser software or other relying-party application software that displays or uses Certificates and incorporates Root Certificates.
Certificate	As the term is defined in [1]
Certificate Manager	A service manager identified by CommScope that manages certain aspects of the Publicly-Trusted Certificate Authorities.
Compliant	In full accordance with all of the applicable requirements that are stated in [1].
Digital Certificate	A Certificate provided under this Agreement, issued based on the information provided by Subscriber in Exhibit A.
Digital Certificate Private Key	A private key that cryptographically corresponds to the Digital Certificate issued to the Subscriber. A digital signature generated with this private key can be validated with the public key inside the Digital Certificate.
Key Compromise	A Private Key is said to be compromised if its value has been disclosed to an unauthorized person, or an unauthorized person has had access to it.
Wrongful Use	Subscriber has knowingly or with gross negligence embedded a Digital Certificate or a corresponding Digital Certificate Private Key in a device, computer system or any other product or application that is not Compliant.

## 3 Digital Certificate Authorization

---

Upon receipt of a complete and executed Agreement, payment of appropriate fees (contact [PKI.Center@commscope.com](mailto:PKI.Center@commscope.com) for current pricing information), the Subscriber's information and Naming Documents (see **Exhibit A**), and verification of Subscriber's identity for security purposes, CommScope authorizes Subscriber to receive Digital Certificates issued from a CommScope Publicly-Trusted CA while the Agreement is in effect.

## 4 Subscriber Obligations

---

In the event that Subscriber is in breach of any of its obligations as set forth below in Section 4, CommScope may, at CommScope's sole discretion revoke Subscriber's Digital Certificates and/or terminate this Agreement.

**4.1 Embedding of Digital Certificates.** Subscriber shall not embed or otherwise use the Digital Certificates in any manner that is illegal or not Compliant. Subscriber shall not embed or otherwise use any Digital Certificate associated with a private key that Subscriber knows or should have known was stolen, intercepted or otherwise compromised in any way.

**4.2 Security of Digital Certificate Private Keys.** Subscriber shall take all reasonable measures to assure control of, keep confidential, and properly protect at all times the Private Key that corresponds to the Public Key

included in an issued Certificate or to be included in a requested Certificate. Subscriber shall safeguard the Digital Certificate Private Keys to ensure that the private keys are not lost, stolen, embedded or otherwise used in a product which is not Compliant or otherwise used in a manner that may compromise or actually does compromise the Private Key and corresponding Subscriber Certificate, as determined by CommScope in accordance with [1] .

- 4.3 Request/Receipt of Digital Certificates.** Within thirty (30) days after receipt of the annual maintenance fee (contact [PKI.Center@commscope.com](mailto:PKI.Center@commscope.com) for current pricing information), for end entity certificate services, CommScope shall cause the Certificate Manager to send to Subscriber certain secure software and/or an administrator token for securely obtaining Digital Certificates in an automated fashion. Subscriber shall install and use the software and administrator token to submit requests for, and receive, Digital Certificates in accordance with CommScope applicable process and procedures.
- 4.4 Non-repudiation.** Each digital signature created using the Digital Certificate Private Key is the digital signature of the Subscriber whenever the Digital Certificate has been accepted and is operational (not expired or revoked) at the time the digital signature is created.
- 4.5 Accurate Subscriber Information.** All representations made by the Subscriber in the Certificate Application and within each individual Digital Certificate request the Subscriber submitted are true. Subscriber shall review and verify the Certificate contents for accuracy.
- 4.6 Restriction on End Entity Certificates.** When Subscriber is issued an end entity Digital Certificate, the corresponding private key shall not be used under any circumstances to digitally sign any kind of digital certificate. Furthermore, the end entity's private key shall never be used to sign Certificate Revocation Lists (CRLs) and shall not be utilized in any manner representing a Certificate Authority. Certificate shall be installed only on servers that are accessible at the location(s) listed in the subjectAltName extension in the Certificate. Subscriber shall use Certificates issued by CommScope only in a manner compliant with all applicable laws and this Agreement.
- 4.10 Prompt notification.** The Subscriber shall promptly notify CommScope upon any of the following events occurring:
- Suspicion of loss or compromise of their private key(s)
  - Any other known violations of any of the Subscriber obligations listed in this section
  - Any information in the Certificate is or becomes incorrect or inaccurate.
- 4.11 Material Changes.** The Subscriber shall notify the CA of any material changes to Subscriber's organization name, company's legal status, address or contact information within 3 business days of any such occurrence.
- 4.12 Key Compromise.** Subscriber shall respond to the CA's instructions concerning Key Compromise or Certificate misuse within 24 hours.
- 4.12 Certificate Revocation.** Subscriber acknowledges and accepts that the CA is entitled to revoke the Certificate immediately if the Subscriber were to violate the terms of this Agreement, due to a Key Compromise, if the information in the Certificate is or becomes invalid, or if revocation is required by the CommScope CP/CPS [1] or the CA/Browser Forum TLS Baseline Requirements [2] for any other reason, including reasons unrelated to any fault on the part of the Subscriber. Subscriber shall immediately cease using a Certificate, after either the Subscriber or CommScope CA determine that revocation is required. Subscriber acknowledges that CommScope is subject to external requirements that, in some circumstances, mandate the revocation of Certificate(s) within 24 hours. Subscriber acknowledges and accepts that the notice it receives from CommScope regarding an impending Certificate revocation may be substantially less than 24 hours. Subscriber shall cooperate with CommScope to meet those requirements for timely revocation. Subscriber acknowledges having been advised to maintain ongoing readiness to respond quickly to unexpected Certificate revocations, including but not limited to, readiness to complete unscheduled domain control validations. Subscriber acknowledges having been warned by CommScope against using Publicly-Trusted Certificates for TLS server authentication on systems that cannot cope with Certificate revocations occurring on short notice.

## 5. No Other Rights

---

CommScope retains all right, title, and interest in and to the CommScope-operated Publicly-Trusted root Certificates and any associated trade secrets or other proprietary information associated therewith that is provided by CommScope to Subscriber hereunder. CommScope grants no rights in any trademark, trade name, service mark, business name or goodwill of CommScope. Subscriber shall not modify, create derivative works, reverse engineer, decompile, disassemble or in any manner attempt to derive the source code from any software or tools provided by CommScope in whole or in part

## 6 Indemnity, Warranty and Limitation of Liability

---

**6.1 Indemnification.** Subscriber shall indemnify and hold harmless CommScope and its employees that operate the Publicly-Trusted Root CAs and Sub-CAs that issued Subscriber Certificates, for any claim or damage arising from or related to:

- Falsehood or misrepresentation of fact by the Subscriber on its Certificate Application or within individual Certificate requests.
- Failure by the Subscriber to disclose a material fact on the Certificate Application, if the misrepresentation or omission was made negligently or with intent to deceive any party.
- The Subscriber's failure to take the precautions necessary to prevent the compromise, loss, disclosure, modification, or Wrongful Use of the Subscriber's private key(s).
- The Subscriber's use of a name (including such a name that infringes upon the Intellectual Property Rights of a third party)

CommScope shall notify Subscriber, in writing of any such claim and (ii) Subscriber shall have the sole control of the defense and all negotiations for any settlement or compromise of such claim, provided, however, that CommScope may participate in such defense using counsel of its own choice and at its sole expense. Subscriber shall not enter into a settlement of any claim unless such settlement is solely for monetary payment by Subscriber or a third party and contains an explicit and complete unconditional release of CommScope in connection with the claim.

**6.2 Disclaimer of Warranties.** THE DIGITAL CERTIFICATES, AND THEIR CORRESPONDING PRIVATE KEYS (IF PROVIDED BY COMMSCOPE), USE OF WHICH IS AUTHORIZED HEREUNDER, ARE PROVIDED "AS IS" AND COMMSCOPE DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, QUIET ENJOYMENT, ACCURACY, SECURITY, OR NON-INFRINGEMENT.

**6.3 Limitation of Liability.** WITH THE EXCEPTION OF SUBSCRIBER'S INDEMNIFICATION OBLIGATIONS, SUBSCRIBER'S GROSS NEGLIGENCE, WILLFUL ACTS OR WRONGFUL USE, IN NO EVENT (i) WILL EITHER PARTY BE LIABLE UNDER THIS AGREEMENT FOR ANY SPECIAL, INDIRECT, CONSEQUENTIAL, OR PUNITIVE DAMAGES INCLUDING, WITHOUT LIMITATION, DAMAGES WHICH REFLECT LOST BUSINESS, PROFITS OR REVENUE OBTAINED OR LOST, OR THE COSTS OF RECONSTRUCTING DATA OR REBUILDING DEVICES, WHETHER DAMAGES OF THIS NATURE WERE FORESEEABLE OR NOT, AND EVEN IF THAT PARTY HAD BEEN ADVISED THAT DAMAGES OF THIS NATURE WERE POSSIBLE; OR (ii) SHALL EITHER PARTY BE LIABLE UNDER THIS AGREEMENT TO THE OTHER PARTY FOR ANY AMOUNT EXCEEDING THE FEES ACTUALLY RECEIVED BY COMMSCOPE FROM SUBSCRIBER. COMMSCOPE DISCLAIMS LIABILITY TO THE SUBSCRIBER FOR ANY LOSSES OR DAMAGES OF ANY KIND SUFFERED AS A RESULT OF USE OR RELIANCE ON A CERTIFICATE BEYOND THOSE SPECIFIED IN THE COMMSCOPE CP/CPS.

**6.4 Subscriber Liability for Subscriber Supplied Information.** Subscriber is solely responsible for the resulting Digital Certificates created from the information Subscriber provides in the exhibits attached hereto and

incorporated by this reference. Failure to completely and correctly complete the exhibits will result in incorrect Digital Certificates.

**6.5 Subscriber Liability for Contractors.** If Subscriber hires a third-party contractor to carry out any of its obligations under this Agreement, Subscriber shall be responsible for all actions or inactions of such contractor under this Agreement. Any breach of this Agreement by the contractor shall be deemed a breach of this Agreement by Subscriber.

## 7 Term and Termination

---

**7.1 Term.** The term of this Agreement shall begin on the Effective Date and shall continue until terminated earlier under the provisions of this Section.

**7.2 Termination by Subscriber.** Subscriber may terminate this Agreement, with or without cause, by giving CommScope 180 day notice written notice of such termination.

**7.3 Termination by CommScope.** CommScope may terminate this Agreement, with or without cause, by giving Subscriber 180 day written notice of such termination. CommScope may also terminate this Agreement for material breach of this Agreement by Subscriber, where such breach is not cured within thirty (30) days of written notice to Subscriber; or, where such breach is incapable of cure at the time of the material breach. Examples of material breach include, but are not limited to: breach of Subscriber's Obligations in Section 4. In addition, CommScope may terminate this Agreement immediately upon receipt of an order from a court or governmental agency requiring the revocation of Subscriber's authorization.

**7.4 Effect of Termination or Certificate Revocation.** If this Agreement is terminated, or a Digital Certificate is revoked, Subscriber shall discontinue using such Digital Certificate(s) and cease embedding or otherwise using such Digital Certificate(s) in any or all affected device(s), computer system(s) or any other product(s) or application(s). Subscriber shall keep secret or destroy any unused or revoked Digital Certificates and any associated private keys, and take such other action as is reasonably directed by CommScope. Notwithstanding any termination of this Agreement, any un-revoked Digital Certificate(s) used in device(s), computer system(s) or any other product(s) or application(s) that are no longer under the control of Subscriber shall be valid until the expiration of their validity period.

## 8 Fees

---

**8.1 Fees.** The applicable fees (annual and/or per Certificate fee depending on the type and number of Certificates required) to be paid by Subscriber under this Agreement will be specified separately by CommScope. For pricing updates, please contact [PKI.Center@commscope.com](mailto:PKI.Center@commscope.com). Subscriber shall pay all fees to CommScope, in advance. CommScope may, upon thirty (30) days prior written notice, modify the fees.

**8.2 Refunds.** Notwithstanding a termination of this Agreement, CommScope will not provide a refund of either annual fees or fees for already issued or ordered Certificates, except where errors were committed by CommScope and such errors were not the result of incorrect information provided by Subscriber.

**8.3 Applicable Taxes.** The fees paid by Subscriber hereunder are exclusive of, and Subscriber shall pay, all sales, use, value added, excise, income tax, withholding tax, and other taxes or charges (other than income taxes) that may be levied upon either party by taxing authorities in connection with this Agreement (except for taxes based on Subscriber's employees) and shall pay all income taxes that may be levied upon Subscriber.

## 9 General

---

**9.1 Force Majeure.** No party (a "**Frustrated Party**") shall be liable to any other party (a "**Non-Frustrated Party**") for any failure to perform or delay in performance of its obligations under this Agreement caused by (a) act of God; (b) outbreak of hostilities, riot, civil disobedience, act of terrorism or disease; (c) the act of any governmental authority including revocation of any license or consent; (d) fire, explosion, lightning strike, storm (including but

not limited to hurricanes and tornadoes) or flood; (e) theft, malicious damage, strike, lockout or industrial action of any kind (provided that the strike, lockout or industrial action was outside the reasonable control of the Frustrated Party); or (f) any causes or circumstances beyond the Frustrated Party's reasonable control (collectively, a "**Force Majeure Event**"). The Frustrated Party shall promptly notify the Non-Frustrated Party of the nature and extent of the circumstances of the Force Majeure Event once known. In the event of a Force Majeure Event, the Frustrated Party shall forthwith establish and implement a plan that minimizes the disruption to the Non-Frustrated Party and shall use its commercially reasonable efforts to remedy the situation and remove the cause of its inability to perform as soon as possible. The Frustrated Party shall give the Non-Frustrated Party prompt notice of the cessation of the Force Majeure Event. The Frustrated Party and the Non-Frustrated Party shall negotiate in good faith adjustments to the terms and conditions of this Agreement that are equitable taking into account the nature and extent of the circumstances of the Force Majeure Event as they develop and become known

**9.2 Notices.** All notices, requests and other communications to any party hereunder shall be in writing and shall be sent as provided below.

Notices and other communications to Subscriber shall be sent via email to the address listed below, or to any updated address subsequently provided by Subscriber.

Subscriber's email address for notices:

It is Subscriber's responsibility to ensure that its email address for notices remains current.

Notices and other communications to CommScope shall be sent via email to [legalnotice@pki-center.com](mailto:legalnotice@pki-center.com), with a copy sent to [legalnotices@commscope.com](mailto:legalnotices@commscope.com).

Notices sent by email shall be deemed delivered when sent and confirmed as received with no bounce-back.

**9.3 Export.** Subscriber shall not export or re-export (directly or, knowingly indirectly) any Digital Certificates, documentation, or other technical data without complying with the U.S. Export Administration Act and the associated regulations.

**9.4 Waiver.** Any waiver by either party hereto of any breach of this Agreement shall not constitute a waiver of any subsequent or other breach.

**9.5 Survival.** Subject to the terms and conditions of this Agreement, the obligations under this Agreement that by their nature or as specified under this Agreement are intended to continue beyond the termination, cancellation or expiration of this Agreement, including, without limitation and for the avoidance of doubt, the Subscriber's obligations under Sections 4 and 7 shall survive the termination, cancellation or expiration of this Agreement.

**9.6 Assignment.** Subscriber may not assign this Agreement without the express, prior written approval of CommScope.

**9.7 Entire Agreement/Severability/Amendments.** This Agreement embodies the entire understanding of the parties with respect to the subject matter hereof and merges all prior discussions between them, and neither of the parties shall be bound by any conditions, definitions, warranties, understandings or representations with respect to the subject matter hereof other than as expressly provided herein. If any provision or provisions of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not be in any way affected or impaired thereby. No amendment or modification hereof shall be valid or binding upon the parties unless made in writing and signed by both parties hereto.

**9.8 Governing Law; Forum.** This Agreement shall be construed in accordance with the law of the State of New York, without regard to its conflict of laws rules. The Parties hereby agree to exclusive jurisdiction and venue in the federal/state courts located in New York.

## 10 Exhibit A - Subscriber Information

### SUBSCRIBER'S INFORMATION

#### CORPORATE INFORMATION:

Official Company Name:
Corporate Headquarters Address:
Headquarters Main Phone:
D-U-N-S Number: Providing your DUNS number in advance can assist in the Authentication process. If you do not know your company's D-U-N-S number, you can look it up at <a href="http://www.dnb.com">http://www.dnb.com</a> . Note: The Legal Company Name and Corporate Address listed above must match the information that is listed in the D-U-N-S Database.

#### SUBSCRIBER'S CORPORATE CONTACT:

This is the person responsible for the device manufacturing system, who is authorized to assign the other account contacts including administrators that will request Certificates from CommScope. Any authentications needed to approve or make changes to the account will all be authenticated through this Corporate Contact.

First Name:	Last Name:
Title:	E-mail:
Telephone:	Fax:

#### PRIMARY ADMINISTRATOR CONTACT:

This is the person who is authorized to request and receive certificates.

First Name:	Last Name:
Title:	E-mail:
Telephone:	Fax:
Address:	City and State:
Zip/Postal Code:	Country:

**SECOND ADMINISTRATOR CONTACT:**

This is the person who is authorized to back up the primary administrator contact. This person is also authorized to request and receive certificates.

First Name:	Last Name:
Title:	E-mail:
Telephone:	Fax:
Address:	City and State:
Zip/Postal Code:	Country:

**SUBSCRIBER'S TECHNICAL CONTACT:**

This is a technical contact, typically in development engineering, authorized to discuss technical issues related to Subscriber Certificates with CommScope.

First Name:	Last Name:
Title:	E-mail:
Telephone:	Fax:

**SUBSCRIBER'S LEGAL CONTACT:**

This person will receive a copy of any contractual related notices.

First Name:	Last Name:
Title:	E-mail:
Telephone:	Fax:
Address:	City and State:
Zip/Postal Code:	Country:

**SUBSCRIBER'S BILLING CONTACT:**

This is the person responsible for payment and notifying CommScope of any billing changes, for example an accounts payable representative.

First Name:	Last Name:
Title:	E-mail:
Telephone:	Fax:
Address:	City and State:
Zip/Postal Code:	Country:

### Subscriber Publicly-Trusted Certificate Naming Application

#### CERTIFICATE FORMAT:

The Subscriber shall supply information required to generate Certificates by providing the information using the appropriate form below:

Publicly-Trusted DV Certificate Profile Form	
Public key algorithm <i>Select one.</i>	<input type="checkbox"/> RSA (2048-bit) <input type="checkbox"/> ECDSA (secp256r1)
Domain names which may appear in Subscriber Certificates <i>Please list each domain on a separate line</i>	Click or tap here to enter text.

Publicly-Trusted OV Certificate Profile Form	
Full, unabbreviated legal name of the organization <i>This is for our documentation</i>	Click or tap here to enter text.
<b>Attributes in the subject distinguished name (DN)</b>	
Country (C) <i>Two-character (Alpha-2) country code as defined in ISO 3166 (see <a href="https://www.iso.org/obp/ui/#search">https://www.iso.org/obp/ui/#search</a>)</i>	Click or tap here to enter text.
State or province (ST) <i>Full, unabbreviated name of state or province within which Subscriber's organization is authorized to conduct business</i> <i>*At least one of ST or L attribute is required.</i>	Click or tap here to enter text.
Locality (L) <i>Full name of a city or a town within which Subscriber's organization is authorized to conduct business</i> <i>*At least one of ST or L attribute is required.</i>	Click or tap here to enter text.
Organization (O) <i>Subscriber's organization name and/or DBA/tradename, up to 64 characters in total. The value of this attribute may contain common variations or abbreviations, but any abbreviations used must be locally accepted abbreviations; e.g., if the official record shows "Company Name Incorporated", the Subscriber may specify "Company Name Inc." or "Company Name". If Subscriber's legal name and DBA/trademark are both included, the DBA/tradename must appear first, followed by the Subscriber's name in parentheses.</i>	Click or tap here to enter text.
About the organization name ... <ol style="list-style-type: none"> <li>Does it contain Subscriber's legal name?</li> <li>Does it contain a DBA/tradename?</li> <li>Does it common variation(s)/abbreviation(s), e.g. "Inc." for "Incorporated"?</li> </ol>	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Yes <input type="checkbox"/> No

# CommScope Digital Certificate Subscriber Agreement for Publicly Trusted Certificates

Documentation regarding abbreviations in the organization name <i>If the organization name contains abbreviations(s), the latter must be locally acceptable. Please provide documentation or a URL to help us confirm that.</i>	Click or tap here to enter text.
<i>Other fields</i>	
Public key algorithm <i>Select one.</i>	<input type="checkbox"/> RSA (2048-bit) <input type="checkbox"/> ECDSA (secp256r1)
Domain names which may appear in Subscriber Certificates <i>Please list each domain on a separate line</i>	Click or tap here to enter text.

## 11 Exhibit B - Information Regarding the Usage of Certificate Revocation Reason Codes

Subscriber may request revocation of Certificate(s) issued to them. The following guidelines are applicable to Subscriber-requested Certificate revocations.

The CA/Browser Forum prescribes specific usage of revocation reasons (CRLReason values defined in IETF RFC 5280) in subscriber-requested revocation of publicly-trusted certificate(s).<sup>1</sup> The Subscriber shall consider the prescribed usage if the Subscriber chooses to specify a reason when requesting revocation of publicly-trusted certificate(s).

Revocation reasons `keyCompromise`, `superseded`, and `privilegeWithdrawn` CRLReasons must only be used for the situations listed. Otherwise, those revocation reasons must not be used.

RFC 5280 reasonCode & code value	Explanation/usage
<code>keyCompromise</code> (1)	Indicates that it is known or suspected that the Subscriber's Private Key has been compromised.
<code>affiliationChanged</code> (3)	Indicates that the Subject's name or other Subject Identity Information in the Certificate has changed, but there is no cause to suspect that the Certificate's Private Key has been compromised.
<code>superseded</code> (4)	Indicates that the Certificate is being replaced because: <ul style="list-style-type: none"> <li>the Subscriber has requested a new Certificate,</li> <li>the CA has reasonable evidence that the validation of domain authorization or control for any fully-qualified domain name or IP address in the Certificate should not be relied upon, or</li> <li>the CA has revoked the Certificate for compliance reasons such as the Certificate does not comply with the CA/Browser Forum TLS Baseline Requirements or the CA's CP or CPS.</li> </ul>
<code>cessationOfOperation</code> (5)	Indicates that the website with the Certificate is shut down prior to the expiration of the Certificate, or if the Subscriber no longer owns or controls the Domain Name in the Certificate prior to the expiration of the Certificate.
<code>certificateHold</code> (6)	(Not an available option; usage prohibited)
<code>privilegeWithdrawn</code> (9)	(Not an available option to a Subscriber)
<code>unspecified</code> (0)	This is the option for when a Subscriber requests revocation of publicly-trusted certificate(s) without specifying a reason. When this option is chosen, the resulting CRL entry or entries will contain no "reasonCode" field.

<sup>1</sup> See [2]. Part of this informative exhibit is adapted from that document.
